## The UBCF Story

- Founded in October 2000, United Breast Cancer Foundation (UBCF) is a platinum rated national 501(c)(3) nonprofit that began as a small grassroots organization serving low-income, under and non-insured women and men in New York State.
- We serve women, men, and families across the country through 7 life-supporting patient and family programs.
- Ms. Stephanie Mastroianni, our Executive Director since 2001, has shaped UBCF into the wonderful organization that it is today due in large part to her personal experience with breast cancer. Stephanie's mother, Audrey B. Mastroianni (pictured to the right), passed away from this disease at the age of 42.
- UBCF is committed to honoring Audrey's memory through our passionate dedication to our mission, programs and superior client care.

# Network of Giving

## What it is?

UBCF's Network of Giving aims to provide people in need with helpful donated items such as personal care products, shoes, clothing, housewares, children's items, and even mattresses. These donations help lift spirits and raise self esteem.

UBCF receives high-quality donated products, and we want to share the abundance!

## Who do we partner with?

UBCF works with breast cancer and health related charities doing great work in their communities. We also work with other outreach nonprofits to raise breast cancer awareness and support those in need.

## Why Join?

We work with many nonprofits across country who don't have staff or capacity to acquire large donations.

UBCF can accommodate our Charity Members needs to provide a manageable amount of goods for maximum impact.

## Why I Chose UBCF...

"I chose to donate to UBCF because I know firsthand the money goes to patients.

I was a recipient of a much-needed mattress which helped my recovery.

When cancer organizations give back to those going through treatment and surgeries, I am more apt to donate.

Thanks for all you do for my fellow warriors!"

## Gratitude!

## Thank You UBCF

"Thank you, thank you for the new mattress! I had no idea how poorly I really was sleeping! I truly had no idea! I'm starting to feel a bit like myself post chemo - it's been about 2 weeks since my last chemo.

I just started working full-time last year, before my diagnosis, after going to school to become an accountant. They think a busy season of 60 hour weeks will be too demanding on my body while I'm still recovering from chemo and getting myself ready physically and mentally for a surgery [in March]. I look forward to helping my family with a full-time income again in May.

The mattress was a huge help. I know better sleep will help me recover. Also, the nice, pampering self-care items were extremely appreciated!!!

I needed that. I felt like a princess!

Thank you all! "

# THANK YOU!

I can't thank you enough for your box of hope. For me it was like Christmas. It made me smile and I felt all the love and care that the Twisted Pink volunteers had put inside my Box of Hope.

I'm at the beginning of my treatments and I seem to be in a fog. Just kind of feel like nothing. But when I got your box yesterday it was as though I woke up from my stupor, I'm ready to kick ass and beat this Cancer.

This morning I woke up, with boxing gloves on. I've got this now. Thank you Twisted Pink and UBCF. You have no idea how you have saved me.

## Gratitude!

"I wish to send a message of gratitude for the amazing care package which I received. It is filled with items which are both necessary and extravagant. Each product was carefully chosen and gifted with love and generosity. I would have never expected something which not only makes me feel cared for, but beautiful as well.

It is Agencies, such as yours, which bring forth inspiration and instill hope each day will be precious and treasured as such. Thank you so much for your kindness, Human decency, and commitment to helping "us" get through each day with dignity.

My heart to yours,"
